SKILLS

Languages: Java, Python, C, C++, JavaScript, HTML, SQL
Frameworks/Tools: React.js, Node.js, Express.js, Tailwind CSS, REST APIs, JWT, Git, GitHub
Databases/Platforms: MySQL, PostgreSQL, MongoDB
Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), API Development
Soft Skills: Communication, Problem-Solving, Team Collaboration

PROJECTS

AI Flashcard and Chatbot App | *JavaScript, HTML, CSS, REST APIs* | GitHub — May 2026

- Developed an AI-powered flashcard and chatbot application for interactive learning and question-answer assistance.
- Engineered a responsive UI with chatbot-based interaction using JavaScript and CSS, creating a smoother learning experience.
- Implemented dynamic question-answer functionality through REST APIs, enabling interactive and real-time user engagement.

AI-Powered Daily Task Organizer | *React.js, JavaScript, HTML, CSS* | GitHub — May 2026

- Built a smart task management application with productivity-focused features using React.js.
- Designed an organized, responsive interface for scheduling and tracking daily tasks.
- Streamlined daily planning and boosted productivity by centralizing task scheduling and tracking in one intuitive interface.

E-Commerce Website Development | *HTML, CSS, JavaScript* | GitHub — Nov 2024

- Developed a responsive e-commerce website featuring product listings and search functionality.
- Built user-friendly navigation and shopping interfaces using modern frontend technologies.
- Delivered a smooth, consistent shopping experience across devices, improving usability and browsing efficiency.

TRAINING

AI-Driven MERN Stack Bootcamp | *React.js, Node.js, MongoDB, JWT* | GitHub | Certificate — Jun 2026 – Jul 2026

- Completed an intensive Full-Stack Development & DevOps training program covering the MERN stack, achieving Grade A.
- Built a full-stack blood donation management platform using React.js, Node.js, Express.js, MongoDB, and JWT authentication.
- Enabled seamless coordination between donors, hospitals, and blood banks through real-time inventory tracking, automated notifications, and role-based access control.

WNS Cares Foundation & LPU | *Cyber Security Awareness* | Certificate — Jun 2025 – Jul 2025

- Completed the WNS Cybersmart training covering social media safety, cyberbullying, financial security, public Wi-Fi risks, and cyber grooming.
- Prepared simplified training content and demonstrations covering phishing, fake payment links, two-factor authentication, privacy settings, and safe social-media practices.
- Strengthened digital safety awareness among 40+ community participants through interactive sessions on practical online security practices.

CERTIFICATES

Database Management System Certificate | *Infosys* | Certificate — Aug 2026
Generative AI Certificate | *NASSCOM – SFJ* | Certificate — Feb 2026
C++ Programming Certificate | *Infosys* | Certificate — Aug 2025
React.js Certificate | *Tech Veda* | Certificate — Mar 2025
C Programming Certificate | *Coding Tantra* | Certificate — Jan 2025
Effective Communication Skills Course | *Skillera* | Certificate — Oct 2024

ACHIEVEMENT

- Solved 100+ problems on LeetCode, strengthening data structures and algorithms fundamentals. | LeetCode

EDUCATION

Lovely Professional University — **Phagwara, Punjab**
Bachelor of Technology — Computer Science and Engineering; CGPA: 6.52 — 2024 – Present

Vasant Kanishta Mahavidyalaya — **Kaij, Maharashtra**
Intermediate (Class XII); Percentage: 76.6 — Jun 2023 – May 2024

Sabarmati The Global School — **Latur, Maharashtra**
Matriculation (Class X); Percentage: 77.4 — Jun 2021 – May 2022
